

Dear Members,

In the previous issue of Inside 5i, I mentioned that a Realcomm Asian Tour Group was visiting various "intelligent buildings" within the region (including Hong Kong) and that I would give you an update to summarise their trip. Well, what the Tour Group has done is actually rated the various sites visited. The rankings are listed to the right. Many thanks to the Tour Group for this useful insight. Please feel free to submit any of your comments to me.

Speaking of Realcomm, I must remind everyone that this year's conference will be on June 3-4 in San Francisco. Learn more about business solutions and technologies that can be used to improve how we transact, manage and use commercial real estate.

Also a quick reminder of the Asian Technologies 2004 held locally in Hong Kong.

Finally, I am hoping that members will be able to contribute more to our news letter. So, I will be including at least two new sections in the next issue: success stories/case studies and new product information. Please send your submissions to me at chriswong@iiiiii.org. Also feel free to send me any ideas or comments!

Yours sincerely,

Christopher M. Wong
Executive Director

INTELLIGENT BUILDING RANKINGS BY THE REALCOMM ASIAN TOUR GROUP 2004

This meeting will be held in the Pacific Suite J room on June 2nd, 2004 from 1:00 p.m. to 4:30 pm PDT. Teleconference facilities will be available for members of the Council.

The Intelligent and Integrated Buildings Council's overall objective is to work on "large building" issues and opportunities that allow CABA to achieve its mission, which is: "To encourage the development, promotion, pursuit and understanding of integrated systems and automation in homes and buildings." The council specifically reviews opportunities, strategises, takes action and monitor initiatives that relate to integrated systems and automation in the large building sector.

5i Members are invited to join the Council as they discuss their many initiatives including the LCC model, BuildingIQ ranking system, middleware, etc... Interested parties should contact chriswong@iiiii.org to confirm their attendance.

Please refer to www.caba.org/iibc/ for more details.
